
The Benefits of the Patient Portal:

- Have immediate access to your health records and have them with you wherever you go.
- If it's after hours or on the weekends, request an appointment online or via the FollowMyHealth app from your phone right when you're thinking of it.
- Request your medication refills.
- Print your labs, office visits, scanned documents, and keep track of your vitals. You can even generate graphs of certain information!
- Be the first to know when your provider will be out of the office.
- Have contact with your provider and ask nurse questions.
